The Chairman gave a statement regarding the Remembrance Day Service this year. She explained that a head wound was sustained by a member of the public at the end of the Service and said HPC were sorry and concerned of it happening, giving reassurance that an investigation into the incident was underway.

The Chairman thanked all those involved in the Remembrance Service and said she was impressed by the level of organisation and friendliness, with approximately 2,000 people in attendance. She thanked all those involved and said she felt it was a dignified event, although a couple of complaints had been received. She said it was unfortunate that a bugler was not there to play the Reveille and Last Post but would not like to see a witch hunt over why there was no bugler, stating it was her understanding that this was due to a miscommunication.

HPC 194/16/17 **PUBLIC SESSION**

There were no questions in the public session due to non-attendance of the public.

HPC 195/16/17 **TO RECEIVE A PRESENTATION FROM CATHERINE KIRKHAM- RURAL HOUSING ENABLER**

A presentation was given by Catherine Kirkham, Rural Housing Enabler from HARAH (Hampshire Alliance for Affordable Housing). The presentation involved information on the background of HARAH and the reasons and needs for affordable housing.

Catherine explained that a potential site opportunity had become available in Blendworth which was currently owned by HCC. She stated that if the site was to be agreed; they would be looking at building approximately 8-10 affordable homes for the Parish and was aware of other large developments within Horndean. She asked Members for their thoughts on the potential site and answered questions accordingly. Catherine suggested that the site could be suitable for those looking to downsize.

Concerns regarding the site were raised by Members and the consensus was that the Blendworth site in question would not be suitable for the following reasons

- No bus routes.
- No shops.
- No facilities.
- No School.
- Pavements do not exist the whole length of the road.
- The road is narrow, only allowing enough space for one car passing, therefore an additional 8-10 properties could mean there would be at least another 8-10 cars using the road.
- Isolated area for non-drivers and also non accessible by foot.
- The space in front of the potential build site is currently used as a car park by the Church and the grass area around it is currently used as overflow for the church, due to the large volume of cars.

It was **RESOLVED** that given the concerns raised, HPC were unable to support the proposed development site but said that they support HARAHs aims and if any rural exception sites come up, they would be happy to consider them.

Council meeting: 21st November 2016 **Agenda Item 3**

I have just managed to catch up with all of my e mails from being away on holiday for our 50th wedding anniversary. I did take my IPad with me so that I could answer any questions, but the IT on board leaves a lot to be desired.
The change of speed on Havant is about to be installed and with it hopefully they will re paint the hatched area outside of Keydell.
Hampshire are ready for winter with salt for main roads and plenty of it!
Salt will be administer to all main routes and salt bins will be filled.
White and yellow lines will be done throughout Horndean before the end of the financial year and where there are already lines, if they are faded, will be re painted.
There is a fund at HCC which helps pay towards refurbishment and repairs to halls, so if Horndean have any halls that need help it will be best to e mail andrew.gibson@hants.gov.uk Over 1200 people have we been involved in the older persons forum which aims to keep drivers driving safely for longer. This is available through Hampshire.
For anyone wanting to dispose of their old fridge or freezer. Please note that the recycling centre can no longer accept them because they have more than 2500 already and there is no more storage.
It is the responsibility of the manufacturers to take them back for safe disposal, so please contact them if you need to dispose of them.
I am working with the officers about Old Lane and support the Parish with their TRO, but have been told that there are many hoops to jump through before the threshold is reached. I have asked that it is made very clear to the parish council exactly what is needed.
Can I please ask, as I have before on many occasions, that if you as residents, have any issues, you can always contact me by phone, e mail or at my surgery if you would like me to take anything forward for you.
I do drive my division every month to try and get an overview of any really pressing problems, but of course, I cannot cover them all, but I will try to get anything done that residents feel are urgent our are giving them a problem.
This has worked so far and I have been able to sort out many problems for residents over the last almost four years.
I will send a list of everything that has been achieved for Horndean over the last almost four years, before the next election in May next year and whilst I have been looking through everything, it has been a great deal!!
There is still a lot to be done, but it does take time to deal with everything because anything that effects to whole community has to go through consultation periods, which in themselves take some time and when there are objections, they have to be sorted out before anything can take place.
Birdlip Close foot ways will be resurfaced as promised starting November 28th for 3 weeks and the road will be closed to all but residents needing to access their properties.
As usual, if there are any questions, I will be happy to try and answer them.
Marge
